

Evaluating Situational Judgement

The Situational Decision Appraisal (SDA) assesses a candidate's ability to make situational judgements when presented with conflicting priorities specific to an industry such as hotel, retail and food & beverage.

HOW SDA HELPS YOU

- Determines candidates' priorities when making decisions.
- Assesses candidates' responses and suitability for the industry.
- Helps you select individuals whose priorities align with your company's.

HOW SDA WORKS

Candidates are given a variety of scenarios based on real-life situations that can occur in the industry, each with a problem to be resolved. Based on their responses, their situational judgement and behavioural preferences can be determined.

WHY CHOOSE SDA

- Carefully designed in consultation with professional psychologists.
- Simplifies complex psychological concepts and makes them easy to understand.
- Proprietary online assessment platform makes administration quick and easy.
- Uses simulated real-life scenarios for authentic assessment.
